UltraThin, Flexible and Low Profile HDMI Round or Flat Cable

The Accell ProUltra Thin High Speed with Ethernet HDMI cable has an ultra thin and flexible design that provides an exceptionally sharp bend radius for easy routing in tight spaces. The ProUltra Thin cable features HDMI connectors that are up to 40% shorter than a typical HDMI connector. Its compact design combined with the cables exceptionally sharp turn radius allows for a flat screen TV to sit nearly flush against the wall or furniture for a truly professional installation.

For Use With all HDMI HDTV's, Blu-ray™, 3D & Home Theater Components

The Accell ProUltra Thin High Speed HDMI Cable with Ethernet works with all HDMI devices, even devices compatible with earlier HDMI versions or that do not have Ethernet. The ProUltra Thin cable features both an Ethernet and Audio Return Channel (HEAC) and is HDMI ATC Certified for High Speed data transfer up to 10.2Gbps.
