Professional 4K displays with Sony X1 processing, Pro-Mode, 24/7 operation, portrait/tilt install supported, AirPlay and Chromecast built-in™ as well as a complete range of sizes

85" 75" 65" 55" 50" 43" 32"

*32" is BZ30J model

android tv

Latest Sony picture technologies to impress every audience

The BRAVIA BZ30L Series offers a generous 440 nit screen brightness. Advanced Sony picture processing technologies ensure your content looks its very best. The panel's extra-wide viewing angle ensures that everyone in the room can enjoy clear, bright images wherever they're positioned.

Extensive Lineup 32" to 85"

The BZ30 Series offers a range of sizes from 32" to 85" making them ideal for large projects requiring multiple sized displays that deliver the same picture quality, brightness and contrast.

*32" is BZ30J model

Styled to blend with every environment

- BRAVIA Pro Displays come supplied with a Wall-Mount Adjuster, giving extra flexibility for mounting the display centrally in portrait or landscape orientation.
- The Sony logo is discreetly positioned on the edge of the display's beautifully slim bezel – with nothing distracting your audience from immersive images.
- Install BRAVIA in portrait or landscape orientation to suit any corporate or retail space. The display can also be tilted at an angle for even greater flexibility.

Flexible content layout with HTML5

The BZ Series offers built-in support for the HTML5 application platform, so it's possible to use HTML5 interactive signage content without requiring a set-top box or PC. The content screen can be freely laid out using the 4K video, pictures, or even with a HDMI input.

Wireless screen mirroring

Easily mirror content wirelessly from handheld device onto BRAVIA with in-built support for Apple AirPlay and Chromecast built-in.
